How Your Prescription Drug Coverage Works

HNE is committed to providing our members with access to safe and effective medications. HNE covers most prescription drugs and a small number of non-prescription drugs and medical supplies. Covered prescription drugs are divided into three tiers with different member copays.

The HNE Formulary

Covered prescription drugs are divided into three tiers with different member copays.

Tier	Description	Level of Member Copay
1 - Generic	Approved by the U.S. Food and Drug Administration (FDA), Generic Drugs (Tier 1) contain the same active ingredients as brand name drugs, are just as safe and effective, and usually cost less. HNE encourages the dispensing of generic drugs whenever possible. You pay the lowest copay for generic drugs.	Lowest
2 - Brand/Formulary	Brand/Formulary Drugs (Tier 2) are marketed under a trademarked brand name, usually by one manufacturer, and do not have less costly generic equivalents. Brand/Formulary Drugs are selected based on a review of the relative safety, effectiveness and cost of the many FDA-approved drugs on the market. Your copay for Brand/Formulary Drugs is higher than for Generic Drugs, but lower than for Brand/Non-Formulary Drugs.	Higher than Tier 1 Lower than Tier 3
3 - Brand/Non-Formulary	Any brand name drug that HNE has not selected as a Brand/Formulary Drug is a Brand/Non-Formulary Drug (Tier 3). This category includes, any brand name drug that has a generic equivalent (Tier 1) or brand drugs that have formulary generic and brand alternatives. These medications are still covered, but at the highest copay level. HNE does not waive or reduce copays for Brand/Non-Formulary drugs.	Highest

A small list of drugs is not covered. HNE limits coverage for some prescription drugs. Coverage limits include:

- Prior Approval: Your doctor has to request coverage from HNE before you can get the drug.
- Quantity limits: HNE will cover only a certain amount of the drug each month.
- Step therapy: You have to try a drug used to treat the same condition (therapeutic equivalent) before HNE will cover the drug.

To obtain a complete list of drugs that are excluded, limited, or require prior authorization, or to obtain a copy of the HNE Formulary listing, please call Member Services at 413-787-4004 or 800-310-2835 or visit hne.com.

Two easy ways to get your prescriptions...

At a Retail Pharmacy

Through our national pharmacy network, you can get medications at participating pharmacies no matter where in the country you are. Whether you're home, on vacation, or away for business or other reasons, you can fill prescriptions at any of the more than 50,000 pharmacies that participate in our national network. Participating pharmacies include CVS, Costco, Stop & Shop, Brooks/Maxi Drug, Walgreens and Target.

Just show your HNE ID card, along with your prescription or refill, and pay the applicable copay.

Through the Mail

We also offer a mail service option, in case you want to get your prescriptions through the mail - delivered to your home! Mail service is limited to those items for which a 90-day supply is appropriate. Your copays for mail service prescriptions may be different from your standard prescription copays. Each copay covers up to a 90-day supply of a prescription or refill.

- Sorry, there are some items you can't get through the mail service:
 - Any drugs for which mail service is prohibited by law; and
 - Prescriptions for which a 90-day supply may not be appropriate as determined by HNE.
 - Injectables
